

What I already know

I have been introduced to the idea that we can find inspiration from the things around us. That we can use things around us as subject matter and as material

I have explored how to use gestural and expressive marks to make drawing, including using my whole body to make drawing

I have explored mark making, introducing drawing skills using pencil and handwriting pen.

I have had opportunities to practice dexterity skills (e.g. cutting out).

Core Learning

To know what Typography is

To know how to create my own typography

To know how to develop stronger drawings

To know how to apply my typography and stronger drawing skills to make visual map

To begin to know how to respond to my work and also to the work of my peers

Sticky Learning

I can say that when designers work with fonts and layout it is called typography

I can use the way that words look to communicate ideas and emotions

I know how to create my own typography and can combine it with other visual elements to make artwork about chosen themes.
