

Knowledge Organiser

Lesson 1

Answering questions about
the data collected.

Data, table, layout

Lesson 2

Collecting data
Using recording
Devices.

Input device, sensor, data logger

Teach
Computing

Lesson 3 - Logging

Recording the data using Excel.

	7am	8am	9am	10am	11am
°C	12	13	16	18	20

Data logger, logging, data point, interval

Lesson 4

Analysing the Data.

Data logger,
logging,
data point,
interval

Lesson 5

What does the data show you?

Data, data logger, logged, collection

Lesson 6 - Answering my Question

After data has been collected, it needs
to be analysed.

Analyse, review, conclusion
