The Acorn Partnership
Marston Montgomery Primary School
Long Lane C of E Primary School

The United Kingdom– Year 5 and 6

New Knowledge:

- I know to name and locate some counties in the United Kingdom.
- I Know human and physical features that make a county unique.
- I know foods that come from a specific county in the UK.
- I know that different types of plants and animals are found.
- I know the names of some major cities in the UK.

Sticky Learning:

- What are the links between energy use?
- What are the different biomes?
- What is a carbon footprint?
- What would make our local area better?

UK Food

The UK's seasonal weather helps grow lots of different crops. The south is warmer than the north, so different produce grows across the UK.

Cheddar cheese – Somerset

Apples and cherries - Kent

Highland beef – Scotland

UK Habitats, Plants and Animals

The UK's habitats include forests, fields, rivers, lakes, heathlands, mountains, moors, cliffs, coasts and seas.

Red squirrel

English oak

Bluebells

Puffin

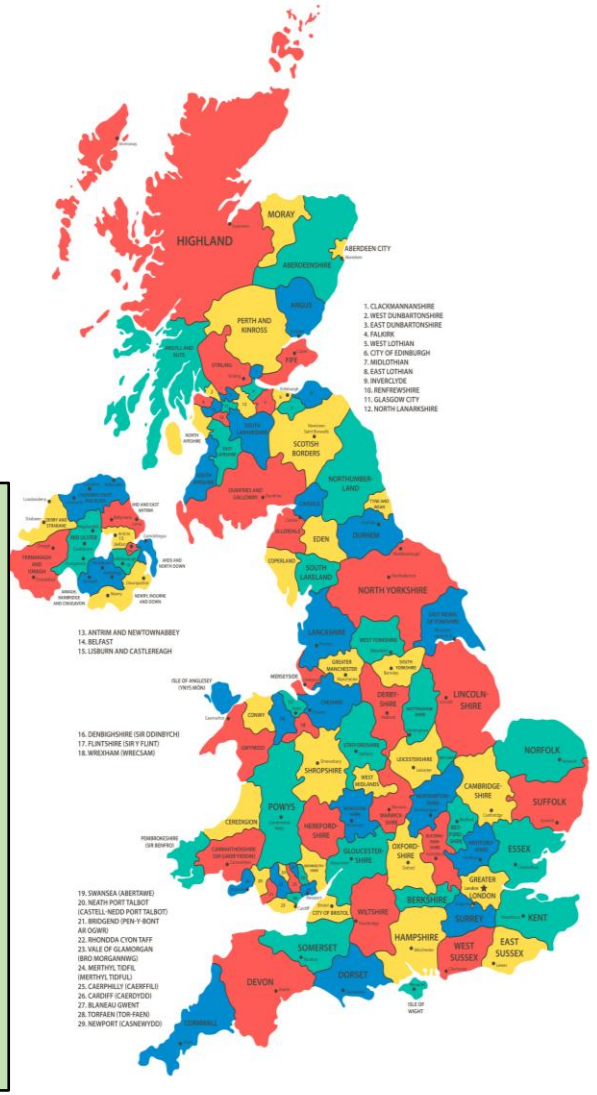

UK Cities

A place must be given city status by the King or Queen. UK cities include London, Birmingham, Manchester, Glasgow, Bristol and St Davids.

Each county has its own unique landscapes, history and culture.

Cornwall is the UK's most popular county for tourism.

- The largest county in the UK by area is Highland.
- The most populated county is Greater London.
- The largest county in England is North Yorkshire.
- The smallest county in England is Rutland.
